

2023 YEAR IN REVIEW

#1

We became the first UK unicorn in 2023

Quantexa established itself as a Decision Intelligence category leader and secured a valuation of \$1.8 billion in its [series E](#) funding round in April, becoming the first UK unicorn in 2023.

We committed to taking AI innovation to the next level

Quantexa announced it is investing over \$155m in the global artificial intelligence industry over the next three years to help its clients **advance the use of AI** to augment and automate Decision Intelligence. By 2027, Quantexa's total global investment in AI will reach more than \$250m.

#3

Our category-leading tech was recognized globally

Quantexa was noted as a leading vendor in several Gartner reports, including Artificial Intelligence in Banking, Venture Capital Growth Insights for Decision Intelligence Platforms, and Hype Cycles for Analytics and Business Intelligence. Plus, we were named the Technology Standout in the 2023 xCelent AML report, a notable vendor in Forrester's Master Data Management Landscape report, **and more**.

More industry leaders discovered the Quantexa difference

We welcomed Vodafone, ING, the UK Cabinet Office, Insurance Services Malaysia, and more to our world-leading client roster. We remain committed to the success of our global **customers** across banking, insurance, telecommunications, government, and public sector to solve the toughest industry challenges.

#5

We completed our first company acquisition

Quantexa acquired and integrated [Ayllen](#), an award-winning provider of AI-based risk and market intelligence solutions, to unify the world of structured and unstructured data.

We celebrated several awards and achievements

BUSINESS INSIDER

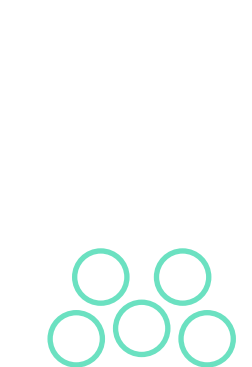

Quantexa made news headlines

Quantexa featured on the BBC and in TechCrunch, Business Insider, Datanami, AIThority, and Bloomberg to name just [a few](#).

We turned shared visions into real solutions with our Partner Ecosystem

We held our first-ever Partner Advisory Board, saw our first global tri-party insurance roadmap across the globe, and registered nearly 300 individuals to our **Partner Program** with 115 certifications completed.

#9

We continued to grow across the globe

With the opening of our latest office in [Singapore](#), the doubling in space in the new Malaga office, and a new office site in Boston, Quantexa now has over 700 employees in our 16 offices across the globe. We'll continue to grow with plans well underway for new sites across Europe, North America, and Asia Pacific.

QuanCon made its return for its fourth year

Register for QuanCon24 now

QuanCon23 was a huge success with industry trailblazers, customers, partners and the Quantexa team coming together to discuss the power of Decision Intelligence to protect, optimize, and grow businesses.

And next year, it'll be **even bigger**. Let's continue the AI-enabled Decision Intelligence innovation and growth journey together.
